Financial Review

Brief statement of the charity's policy on reserves	The charity aims to have sufficient funds to conduct its business and will invest any funds to develop the stations capabilities.
Details of any deficit	None
Donated facilities and services (if any)	During the course of this year G4G has funded the use of premises by paying a monthly rent – which is accounted for in the audited accounts. Various members donated lump sums to support the on going operation of the station. Some income was generated through member organised fund raising events and sponsorship activity.

Other optional information

<p>We continue to pay for a monthly support contract which includes all service version upgrades and also continuous access to technical support for the Myriad Software. This monthly cost is being covered out of the general fund. The addition of office rent and monthly software maintenance payments has stretched the budget and the Trustees are continue to monitor this situation and identifying new sources of funding. The station operation costs have been met</p>
